Dear Robert,

My name is Karlie Foster, Coordinator, Rent Supplement at the Canadian Mental Health Association – Sudbury/Manitoulin. Our agency has been working with Whitehall Apartments Corporation since 2019 as part of a partnership program with our Rent Supplement Program. The Rent Supplement Program provides financial assistance towards the cost of monthly rent to assist individuals in obtaining safe and affordable housing.

Throughout the involvement with our agency, Whitehall has continued to show support through affordable and safe housing. The team at Whitehall Apartments Corp. has shown, and continues to show a passion for ensuring the safety and security of their tenants. As well as ensuring they are living in affordable and safe housing. Although Whitehall Apartments Corp. is still new to the Sudbury area, they have begun transforming substandard housing units into safe and secure units that are conducive to individuals' mental health and wellbeing.

Whitehall Apartments Corp. has become a well-known name in our housing community. Their impact on the community will only to continue to flourish as time continues. We are excited to work with them as partners, and continue to refer other agencies, and our individuals, to their units, as we are confident in their ability to manage and maintain their buildings.

I am pleased to continue working and building our partnership with Whitehall Apartments Corp., and am excited to see what the future holds for Sudbury's housing market.

Regards,

Karlie Foster, BSc.
